Parent Resource Guide	30
Answer Key	31

Dear Parents and Teachers,

What could be more fun than learning with your favourite Disney friends? Disney Learning is a unique educational workbook series that includes essential reading and mathematics skills your child needs. Every lesson is presented with the help of the beloved Disney characters. Below are a few suggestions that will help make this learning time with your child both rewarding and fun.

- Create a pleasant, well-lit place to work.
- Choose a time when your child is alert and you are relaxed and ready to help.
- Encourage your child to complete the activities with a variety of writing instruments, such as colourful pencils, crayons, pens, and markers.
- Be certain your child understands the directions. Work together until your child feels comfortable.
- Let your child take as much time as needed with each activity.
- Proudly display favourite pages in a special place.
- Praise your child's efforts ... and reward them with a sticker!

On page 30, we have provided a special parent resource guide. We encourage you to refer to it for additional activities. We wish you and your child much success on the road to learning.

Sincerely,
The Editor

Beginning Consonant B, b

Pooh likes to read in bed before he falls asleep. Circle something else in the picture that begins with the same sound as bed. Finish colouring the picture.

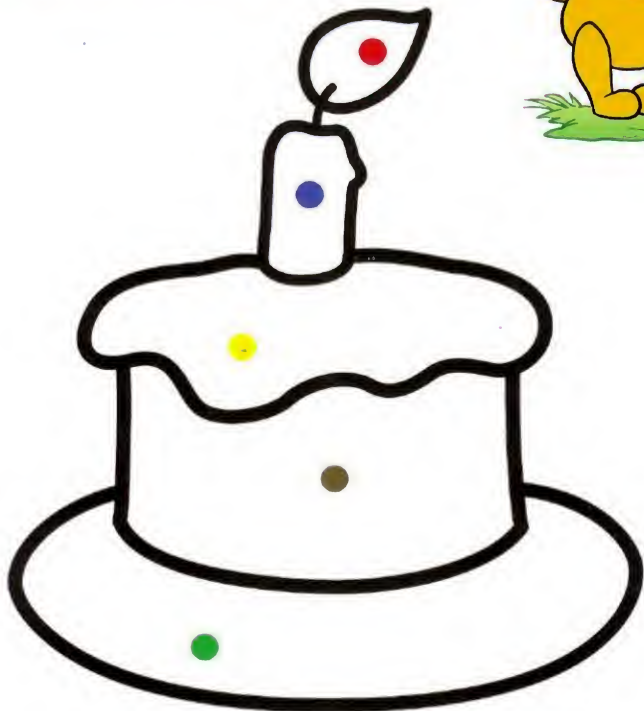

Beginning Consonant C, c

Happy Birthday, Winnie the Pooh! Help decorate Pooh's cake by colouring the picture using the same colours as the dots. Can you think of other words that begin with the same sound as cake?

Beginning Consonant D, d

Pooh is digging for hidden treasure. Find the two things that are different in the pictures and circle them. Then, try to think of other words that begin with the same sound as dig.

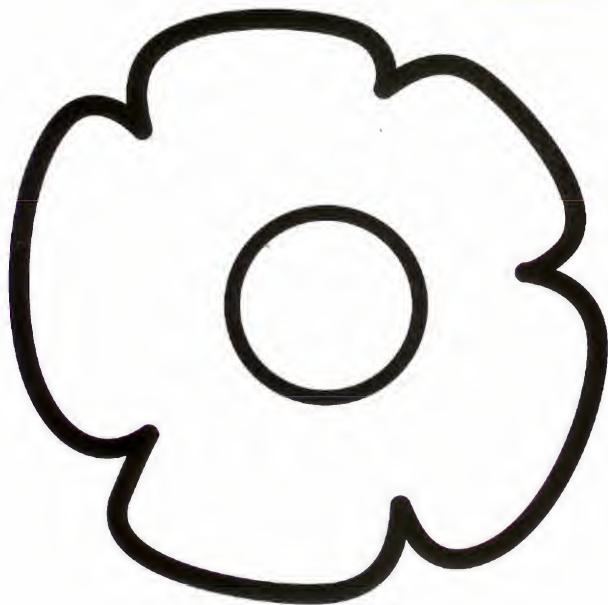

Name: _____

Beginning Consonant F, f

Look at Tigger bounce through the flowers! Colour the flower below. Then, draw another object that begins with the same sound as flower.

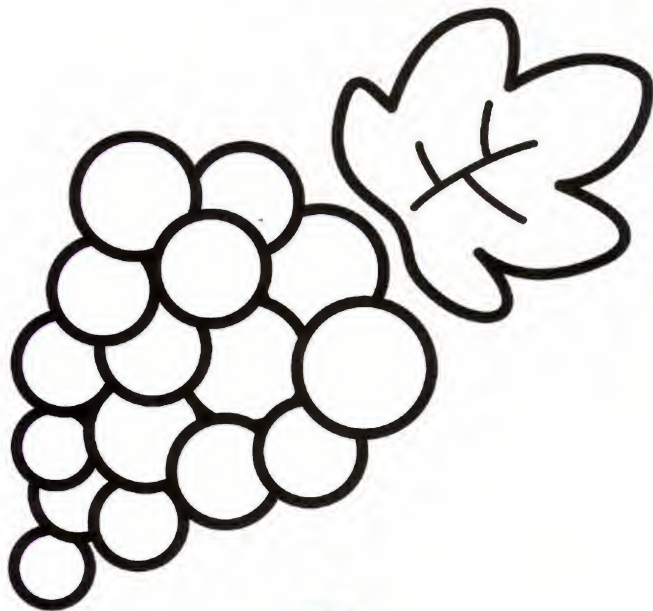

Beginning Consonant G, g

Piglet likes grapes. Colour the
grapes below. Then, draw another
object that begins with the same
sound as grapes.

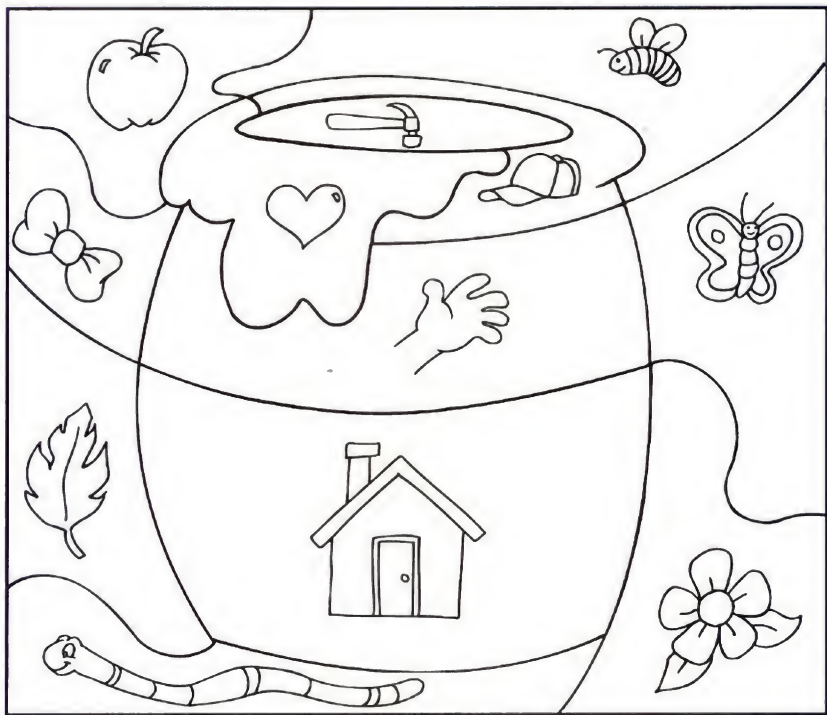

Beginning Consonant H, h

Pooh needs help colouring his picture. Colour all the pictures that begin with the same sound as honey yellow. Colour all the other pictures blue. Can you name the hidden picture?

Beginning Consonant J, j

Roo's room is full of toys, but his favourite is his jump rope. Circle the one picture below that is not a toy. Then, try to think of other things that begin with the same sound as jump.

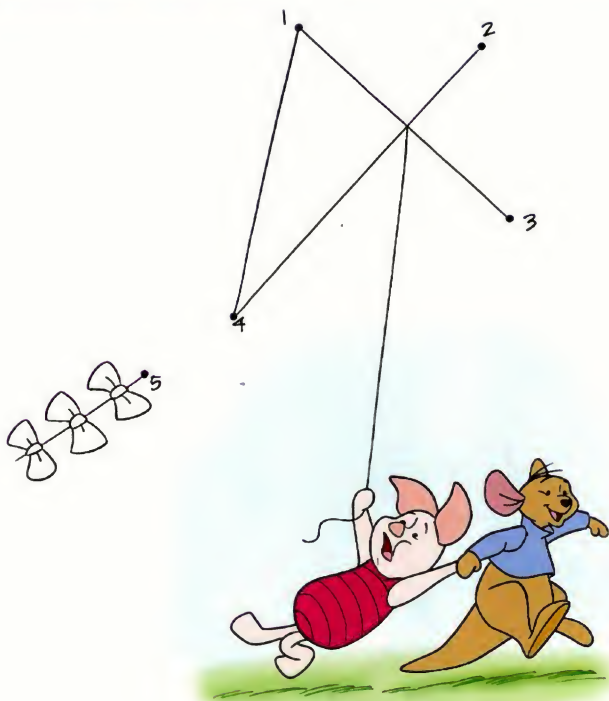

Beginning Consonant K, k

Piglet and Roo are going to fly a kite. Connect the dots in order from 1 to 5 to finish the picture. Then, colour the kite. Draw another object that begins with the same sound as kite.

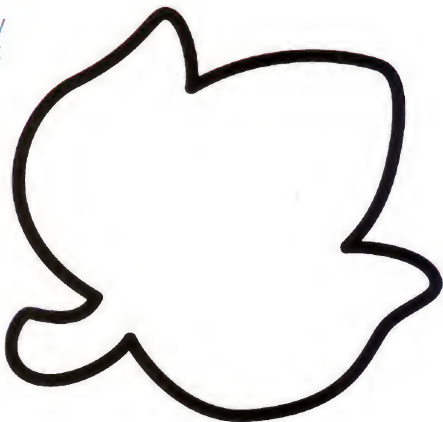

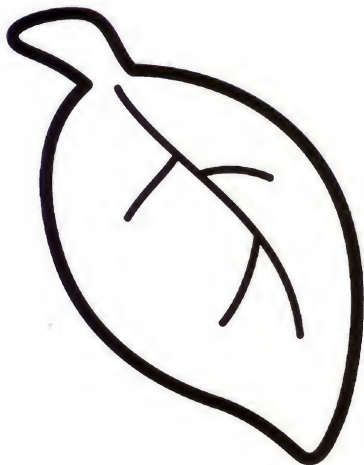

Beginning Consonant L, l

A big wind is carrying Piglet away in a leaf! Draw other objects that begin with the same sound as leaf in the leaves below.

Beginning Consonant M, m

Tigger wants to make something to eat. But he only wants things that start with the sound of m. Circle the pictures that begin with the same sound as make.

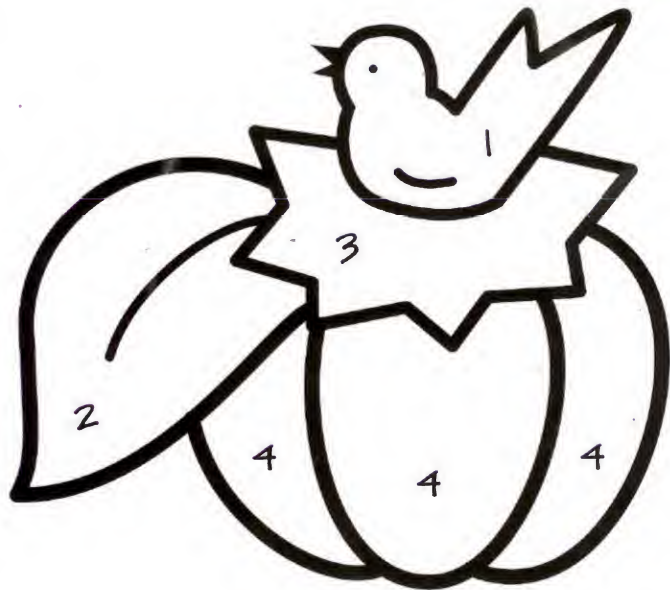

Name: _____

Beginning Consonant N, n

Look at the surprise Rabbit found in his garden.
A bird has made a nest in one of Rabbit's
pumpkins. Colour the drawing with the colours
that match the numbers: 1 ● ; 2 ● ; 3 ● ; 4 ● .
Then, try to name other things that begin with
the same sound as nest.

Beginning Consonant P, p

Kanga needs help making her pie. Look at each part below and colour the picture that begins with the same sound as pie.

Name: _____

Beginning Consonant Q, q

Shh! Be very quiet! Pooh and his friends are playing hide-and-seek. Help Pooh find his friends hidden in the bushes by following the path with a crayon. Can you name other things that begin with the same sound as quiet?

Beginning Consonant R, r

 Rabbit is carrying a really big carrot! Trace the carrot and colour it.
Then, draw another object that begins with the same sound as rabbit.

Name: _____

Beginning Consonant S, s

Pooh and Piglet love to play in the snow! Draw a line to match each object with its shadow. Then, circle the objects that begin with the same sound as snow.

Beginning Consonant T, t

Kanga finished her pie and is putting it on the table. Draw other objects on the table that begin with the same sound as table.

Beginning Consonant V, v

Rabbit loves to make vegetable soup. He has collected lots of vegetables. But he made a mistake. There is one thing he won't need. Find out what it is and circle it. Then, think of other words that begin with the same sound as vegetable.

Beginning Consonant W, w

Tigger needs to cross the river without getting wet. Draw and colour what Tigger needs to use to cross the river. Then, think of other words that begin with the same sound as wet.

Name: _____

Beginning Consonant X, x

Roo loves to play music. He really wishes he had a xylophone. But Tigger can find other instruments for Roo to play with. Help Tigger find the musical instruments by tracing the right path with a pencil. Can you think of other words that begin with x?

Beginning Consonant Y, y

Kanga is knitting a sweater for Roo, but she has used too much yarn!
Finish colouring the picture. Then, think of other words that begin with
the same sound as yarn.

Name: _____

Beginning Consonant Z, z

Kanga needs to bring warm gloves and a scarf to Roo, who went out to play without them. Follow Kanga's zigzag path to Roo. Then, try to think of other things that begin with the same sound as zigzag.

Name: _____

Beginning Consonant Sounds

Owl is making a list of what he needs for Tigger's birthday party. Help him finish his list. Write the missing sound at the beginning of each word.

_____ats

_____alloons

_____ake

_____orns

Beginning Consonant Sounds

Rabbit needs to order seeds for his garden. Help Rabbit find the seeds he needs. Write the missing sound at the beginning of each word.

_____umpkin

_____arrot

_____ettuce

_____omato

Beginning Consonant Sounds

Owl is collecting tools for a project. Help him make a list. Write the missing sound at the beginning of each word.

A cartoon owl with brown feathers and a white chest is standing next to a whiteboard. The whiteboard has four items listed vertically on the left, each with a word fragment on the right. The items are: a yellow coiled rope, a blue cube, a black tire, and a red bucket. The word fragments are: **___ope**, **___ox**, **___yre**, and **___ail**.

Beginning Consonant Sounds

Gopher is making a plan to dig a tunnel. Help him with his plan. Write the missing sound at the beginning of each word.

1. Dig a _____ole.

2. Move the _____irt.

3. Go around the _____ocks.

Beginning Consonant Sounds

Tigger is making a wacky invention. What will Tigger need to make it?
Write the beginning sound for each thing below.

_____ **ose**

_____ **yre**

_____ **ake**

_____ **ite**

Parent Resource Guide

Helping at Home with Beginning Sounds

Use the following items to link the beginning sounds of letters to the formation of the capital and lowercase letters. For example, use buttons to make the letter B, form clay into a letter C, use a stick to write Ds in the dirt, etc. Always let your child explore the material first.

A, a-alphabet biscuit cutters

B, b-buttons, biscuit dough (bake your child's name)

C, c-clay

D, d-dirt, dot paint

E, e-erasers (Note to Parent: Shade an entire piece of paper with a pencil, then have your child use the eraser to erase letters in the area you shaded.)

F, f-finger paint

G, g-glue (Note to Parent: Make letter shapes on paper with glue. After the glue dries, your child can do a rubbing over the raised glue letter.)

H, h-hearts (made out of construction paper)

I, i-ink (use erasable ink pens)

J, j-jump (Note to Parent: Make large sidewalk chalk letters so that that your child can jump in the shape of the letter formation.)

K, k-keys

L, l-licorice

M, m-macaroni, marshmallows, magnetic letters

N, n-noodles

O, o-orange slices

P, p-paint, pretzels

Q, q-quinces

R, r-rice, ribbon, raisins

S, s-sand, shoelaces, stickers, snow

T, t-toothpicks

U, u-uniform (Note to Parent: Cut out uniforms and write letters on them for your child to trace.)

V, v-vans (toy cars)

W, w-watercolours

X, x-xylophone (Note to Parent: Many children's xylophones have the letter of the musical note pressed on each bar.)

Y, y-yarn

Z, z-Zip a zipper about half way and you have a great letter Y!

Link the beginning sound of your child's name to other words or objects. Make an alphabet book of beginning sounds with photographs or pictures that your child finds in magazines.
